OUR TEAM:

Owners and Advisors

Rick Guinotte, CEO and Advisor

Rick has worked with doctors in all aspects of their professional career, from opening their first locations who have gone on to quickly exceed revenue expectations. He has helped clients relocate, add associates and develop exit strategies. He also gives presentations throughout the United States, Canada and beyond, sharing his insight and inspiring others.

Rick worked in the optometric field since 1989 – as a technician, optician, receptionist, manager, and as the territory director for 18 practice locations, \$13.5 million in revenue and 120 employees.

In 2009, Rick left his position with one of the world's leading frame manufacturers to become an advisor. Since then, he has worked with offices seeking growth and improved efficiencies, and he has helped people improve their team atmosphere, put systems in place to increase cash flow, and set goals for their practice locations. He is focused on helping his clients understand how to achieve and exceed the goals they've set.

Rick and his wife Debbie have three children. Patrick is in Graduate school, Meghan is in Optometry School, Mackenzie is in High School. He enjoys hiking with his family and running.

Kirk Kastens, Vice President and Advisor

Kirk has worked in the optical industry since 1998, holding positions in private care practice as an office coordinator, and then as an advisor to private optometric practices.

Kirk has been advising offices since 2005, working with more than 500 practices in the United States and Canada. Kirk shares his expertise in Human Resources, Marketing, Operations and Financial Management with private care practice owners and paraoptometric, in multi-practice training sessions, and through phone consultations. Kirk also travels throughout the United States and Canada for various speaking engagements, where he shares his knowledge with Optometrists and their teams.

In his advising role, Kirk covers the broad spectrum of practice development, from putting together a business plan that fits a doctor's goals to helping a staff member improve his or her ability to educate patients. His passion for the industry continues to grow as he works closely with practice owners and members of their team to establish key processes critical to long-term success.

Kirk and his wife Cindy have three children, Olivia, Katherine, and Jack. He enjoys watching their activities and family time. In his spare time, he enjoys golfing, running, and being outdoors.

Tim Merrigan, Vice President and Advisor

Tim has worked in the optical industry since 1992. He has held various positions in both the corporate and private sectors of the optical industry. He has been responsible for managing as many as 29 offices, and he has overseen the development and implementation of a variety of operational processes and procedures.

In 2013, Tim left a private practice to become a consultant to help private practice optometrists. He has worked with more than 100 offices in the United States and Canada. Tim's areas of expertise include human resource management, staff training and development, employee retention, accounting and budgeting, and adjusting cost of goods levels.

Tim has helped practices achieve success through financial controls, setting goals along with expectations and working with doctors on how to train and develop their team to meet those goals. "Everyone wants to be successful, we just sometimes need direction on how to get there," Tim explains.

Before getting into the Optical Industry, Tim spent three and a half years refereeing for the Harlem Globetrotters. He has called a basketball game in over 70 countries and all 50 states. He says the jump from officiating to optical was a no brainer because everyone knows that referees have great eye sight. "I have never missed a call, just ask me!" says the former referee.

Tim is the proud father of two beautiful daughters, Kaylee and Madison while also being a proud grandpa to Brady. In his spare time, Tim still enjoys officiating and trying to lower his golf score without using an eraser.

TESTIMONIALS

Dr. Joanne Gronquist, Optometrist

Santa Barbara, California

Rick's been in the industry for a very, very long time. He used to work in optometry, so he's seen it all. He knows everything in the field when it comes to vendors, staff and different optometric companies – and he's worked with so many doctors across the nation for so long that I can go to him with any question and he has an answer for it, or he can get an answer for me every easily. He brings the nation's optometry experience to my practice. That's powerful.

Dr. Dirk Gray, Optometrist

McCook, Nebraska

Rick is so personable and down to earth, but practical as well. He's helped us with the business side of our entire practice, using his past experience to provide us with good insight and feedback about everything from finance and budgeting to the products we sell. He's taken a vested interest in our future – you can tell he really cares and wants us to succeed. I appreciate both his extensive knowledge and his sincere approach.

Dr. Jason Holtom, Optometrist

Red Deer, Alberta

Rick's philosophy matches up with our own, and his recommendations are time-tested and proven to produce results. He has so much experience with many different kinds of optometry offices and the problems they all face. Since we started working with him, we've made tremendous changes to our office and office culture. We've really taken off in the last 4 years, nearly doubling our annual sales to be in the top 5% for a single doctor's office. Our increase in gross has all been due to our consulting and ideas from Rick. We rely heavily on him for our marketing, business plan, day-to-day office procedures and communications. The best thing we ever did for our practice was to use Rick's consulting services.

Dr. Misty Bauder, Optometrist

Westerville, Ohio

I am so thankful that I chose to work with Acquios. As an upcoming new business owner, there have been so many questions and areas of the business that I honestly have had no knowledge about. Kirk and Rick have been incredible. They respond so fast, had the best financial terms of any I had seen, and have already helped me save so much money in the negotiations. The biggest thing that sets them apart for me is how personable and kind they are. So many others I have talked with have been stuffy and intimidating and just made me feel inadequate. I have never felt anything but encouragement and support to my unending questions. It's a small business that truly seems to care about ME and MY practice and not just a financial venture for them. I feel like they are both my advising team, colleagues and friends. It is by far the best business decision I have made as I know it will continue to positively impact every aspect of my business in the future. I can't wait to see where this new venture leads!

Kristy Patterson, Office Manager

Panama City, Florida

I have confidence that the Advisors at Acquios have our best interest in mind when they make recommendations. Because of their immense industry experience, combined with their high moral character, I know I can trust them to help us establish a game plan to deliver extraordinary patient care and grow our business at the same time.

Dr. Kayla Gaddis, Optometrist

McKinney, Texas

Over the past year, I have had the privilege of working with Kirk as I start my own optometric practice. Kirk's mentoring and knowledge of the field have been instrumental in my growth over this first year. He is very professional and maintains a positive attitude in stressful situations. I get asked all the time about the one thing that I would recommend to someone starting their own practice, and the first word out of my mouth is always a good consultant. Kirk has helped me build the team, materials and confidence I needed to make my practice a success!

Michael Farley, Practice Administrator

Radford, Virginia

We had the great opportunity to work with Kirk Kastens on multiple levels as a cold start practice. He was phenomenal in strategizing our next step and developing a system to make us productive from the start. We received terrific help with budgeting, goal setting, hiring, and patient scheduling as we continued to grow. Kirk's extensive experience in "real world" private practice was a tremendous asset to help us turn a dream and a vision into a reality. We found it easy to communicate and relate our needs, which enabled us to put a plan in motion. We would definitely recommend Acquios to help with your current needs and your future growth. Top notch!

Sheila Hay, Office Manager

South Jordan, UT

I feel like Acquios is always willing to listen, teach, offer corrections and ideas when needed, and they make it fun to learn.

Dr. Barry Frankel, Optometrist

Palm Springs, Florida

I've worked with Rick [since 2009], and he truly understands our business. He gets it. We're trained as clinicians, but we need help with the business aspect of eye care. Rick is our coach, adviser and advocate. If you're thinking about working with Acquios, sign up. I know you'll be happy with your decision.

Dr. Karen LeBlanc, Optometrist

South Pittsburg, Tennessee

Just wanted to tell you thank you. I would be way too nervous to make these big decisions and move forward without your business expertise. I can feel confident growing and moving forward because of you! Thank you. Have a great day!

Dr. Jeff Binstock, Optometrist
Redmond, Washington

We would like to thank Rick and the entire team at Acquios Advisors for all their help during our practice transition. Over a year ago, my wife and I purchased an optometry practice. Rick and his team did an excellent job guiding us through the acquisition, hiring staff, and putting systems in place. In addition, Rick was able to help us understand the financial side of the practice. They are consistent with their communication with us and are always available when needed. We highly recommend Acquios Advisors to anyone that is purchasing a practice or wants to take the steps to improve their existing practice!

Dr. Jason Hurley, Optometrist
Rigby, Idaho

Rick is definitely the real deal. He has been my advisor and friend for five years. With his efforts my staff realizes their true potential and work as a team to grow our practice. I now see my business through different eyes with his help. Thanks, Rick!
