## Executive Leadership Program

You spoke, we listened. Acquios Alliance and Advisors is proud to announce our new Executive Leadership Program. We all know that leadership makes or breaks an office, but we have the solution! Our program develops a solid foundation in the fundamentals of leadership that will transform those with the passion to lead your team as effective leaders.

“The most dangerous leadership myth is that leaders are born – that there is a genetic factor to leadership. That’s nonsense; in fact, the opposite is true. Leaders are made rather than born.” – Warren Bennis

The Executive Leadership Program will be delivered by proven leaders, Scott Cline, Rick Guinotte, Tim Merrigan, and Teresa Stancik, with over 80 years of management experience, they will empower Owing ODs, Managers, and Management Trainees, with skills to impact productivity, morale, team development, staff retention, and increase the success of your business. The course will cultivate effective leaders by teaching them to create and set goals, embrace proper communication, deliver constructive feedback, and inspire your team to the next level. Utilizing a unique mix of in-person, interactive online sessions, and monthly implementation meetings, attendees will execute what they learn. Your practice will see immediate results!

The collaborative nature of this program will create a network of leaders, build a support system of like-minded people, and embrace growth and development for all, long after graduation.

The Executive Leadership Program is an in-depth 45-hour course, spanning six months. As you read through the outline of the program, you will see the time and schedule is planned to ensure the success of each participant to make your office successful. The education delivered will guide leaders to have the confidence and knowledge to improve the processes in your practice. The delivery and follow-through from beginning to graduation will require your participation. As with anything, the more you invest, the more you will get in return.

Many managers are promoted to the position because they have been with the office the longest, they know all the prices and the owner is comfortable with them. These scenarios are seen across the country in large cities and small towns. It is only fair to give your leaders and yourselves the knowledge to be better for your practice, your team, and make your practice stronger for your patients. This tool will do just that. Acquios Alliance and Advisors are proud of the Executive Leadership Program we developed and are looking forward to your success in this program. It has been needed for many years and now it is here!

Your registration is on the next page, fill it out and return it to [info@acquios.com](mailto:info@acquios.com) to reserve your leadership teams' seats now.
